RED CROSS DAY IN THE SCHOOLS

Today was again Red Cross day in the sewing department of the public schools and under the direction of Mrs. Sidney Moore, the inspector appointed by the local chapter of the Red Cross for this purpose, the first garments were completed by the girls from the eighth grade and high school. Mrs. Moore states that the work has been satisfactory in every respect.

In the cooking room, Mrs. Katherine Smith, the head of the department, today gave a demonstration in the blanket cooking of a whole ham. In addition to the eighth grade girls in the morning and the high school girls in the afternoon, a number of ladies of the town took advantage of the opportunity to observe the demonstration and learn the method. The C. C. Dale company furnished the ham for this demonstration lesson. Mrs. Smith is ready to give a number of such demonstration lessons during the year for the benefit of the ladies of the town if there is any demand for such work. The work would be along the line asked by the food conservation commission and the lessons would be for instruction in the preparation of nourishing and appetizing dishes that are

economical and of the materials the commission is urging used to take the place of others so necessary for the army and for the allies. For the benefit of ladies who were not present today and who may be interested in the blanket cooked ham the recipe and method will be published in this paper. It reads like "good eats."

Ham Baked in a Blanket.

Select a thick ham weighing four to six pounds. Soak over night in sweet cider or equal parts of sweet cider and cold water. In the morning drain, wipe dry, scrape and trim if necessary. Prepare a thick dough by mixing flour and water, roll out to one-half inch thickness, and enclose ham in it. Wet the edges of the dough and press them firmly together. Place ham in a large dripping pan and bake slowly in a moderate oven four to five hours; remove from oven; break off shell and skin the ham; trim off ragged portions; sprinkle salt side thickly with one cup of fine bread crumbs and one-half cup of soft brown sugar; stick with cloves in diagonal rows one inch apart; return to oven and brown richly; slip a paper frill over the knuckles; garnish with lemon and serve in a bed of parsley.

TOLICHA PROMISES TO BE A COMER

Dan and P. J. Donovan have arrived from Tolicha. They report big developments in the camp. The deeper the working are sent down, the better the pinnings. There is every indication that a permanent mining camp is being put on the map. The old-timers that prospect there overlooked a splendid opportunity.

A pioneer, known as Jumbo, who has traversed the hills of Nevada, and who is conceded to be an authority on formations, went into the district in July and spent many weary hours chasing up the trend of the vein system. He found many indications of continuity and permanency. This man Jumbo, according to the Donovans, says that the main strike, so far as developments are concerned, is not the only find in the district.

The Donovans have several locations to the north and are assured

from their prospect work that the system continues through their ground and that it is not a one-mine camp. They have uncovered ore which is identical to the main strike. Assays, which are being run today, are expected to yield high values, as good results were obtained in the past.

The county commissioners are aiding in having the road to the camp put in good condition. Martin Brown, who has been doing location work for several parties in Tonopah who have claims in Tolicha district, has found rock similar to that in the east lode and developments seem to show that the Big Mt. and other claims southeast of them and known as the Chevrolet group will be producers. These, however, are not the only promising claims in the district. The Golden Gate, owned by Brown & Co., is very favorably located for extension values.

ANSWER ROLL CALL AT THE AIRDOOME

EVERYBODY EXPECTED TO HELP GET AN AMBULANCE TO THE FRONT.

Tomorrow night is the time and the Airdome is the place where everybody in Tonopah is going to congregate to help send an ambulance from our town to the front. No admission will be charged and no man spend much or little or nothing at all, just as you wish. The Airdome will be gay and bright with lights and decorations. There will be music and dancing and lots of fun for everyone and a chance to buy things you really want for very reasonable prices. Our boys that we have so lately marched down to the depot to say good-bye to with smiles on our faces, but tears in our hearts, will soon be going to the front to fight for us, and perhaps give up life itself to guard us from the terrible menace that threatens. Let us have our ambulance there ready to aid them in the hour when they stand in need of it. What would not every one of us give up of personal pleasure or comfort to bring back to Tonopah from the jaws of death even one of those boys of ours that went so bravely away from us in the last few weeks? We would count such a sacrifice our proudest privilege. And that is exactly what you will be doing when you come to the Airdome tomorrow evening and participate in the fête that will take place there.

Even if it happens that our particular ambulance never carries one of our own boys, it will certainly aid in bringing many another brave young man back to just such a little gray depot as ours, to just such a little town as ours, and to just such loving mothers and sisters and sweethearts as will welcome our own boys back when the happy day of their safe return to us arrives. Don't you want to do it? Aren't you proud and happy to do it? It is an opportunity to save life and bring loved ones safely to their homes again that comes to most people but once in a life time. This is your chance. Do not let it slip by.

COMPLETE RESUMPTION OVER AT MANHATTAN

ALL MINES IN THE PINE TREE CAMP WORKING FULL HANDED.

Good news comes from Manhattan today. The miners are all back at work, with the exception of a few that left when the short lived strike was declared and a majority of these were what is politely termed "wobblers"—fellows who would not have been taken back if they had remained. The Tonopah scale is being paid and this is one of the highest scales in the wage world. The companies yielded to the demand, although some of them demurred on the grounds that a developing outfit should not be compelled to pay as much for labor as one that is a dividend distributor. At all events, Manhattan is as busy as a hive of bees and everybody is happy.

CORNERSTONE WILL BE LAID AT LAS VEGAS

IMPRESSIVE CEREMONIES TO BE HELD UNDER AUSPICES OF THE MASONS.

Thomas Lindsay, grand master of the Masons, leaves tomorrow morning for Las Vegas, where he will officiate at the laying of the cornerstone of the magnificent new school building to be erected in that city. He will be accompanied from here by George Southworth and at Beatty they will pick up District Attorney Atkinson, who was called to the southern end of the county on official business. The ceremony of the laying of the cornerstone will take place October 20 at 2 in the afternoon and extensive preparations are being made in the southern city for impressive ceremonies.

CHILLIEST THUS FAR.

R. V. D's are now out of season. Mr. Legler, the weather man, reported that at dawn this morning the temperature at the government station was down to 25, the coldest thus far this autumn. He didn't guarantee that it wouldn't drop further, for he is a man of verity, but at all events it might be well to go to Uncle Ben and get that overcoat out of lock.

CARD TO THE PUBLIC.

I hereby notify the public that I am no longer connected with the firm of S. R. Moore & Company, having this day resigned.

CORPORAL J. A. FREEMAN, U. S. A., who has had charge of local recruiting affairs for the past month, has been ordered to report at the Presidio and left on today's train for that place. He has high hopes of being sent to the front in France. Corporal Peter Rasmussen now has charge of affairs here.

SENATOR J. W. STEWART and Assemblyman Ben Luce left this morning by auto for Orizaba, Jone, Grantville and Reese River. From there they journey by Austin through Smoky valley, returning through Round Mountain and Manhattan. These two gentlemen comprise the committee appointed for these precincts to solicit for the second Liberty Loan bonds. They were accompanied by S. W. Steffner, manager of the mine at Grantville.

TAUGHT TO FLY.

The Tonopah aerle of Eagles, No. 271, on Tuesday evening initiated eleven new members. The ceremonial session was followed by a smoker and a feed. It was largely attended, a bunch of birds being over from Goldfield. The place of honor at the banquet table was occupied by the grand chieftain, he with the longest bill and gaudiest tail feathers, J. G. Thompson of Goldfield.

AMUSEMENTS

"FLAME OF THE YUKON" TODAY.

Dorothy Dalton's new starring vehicle, "The Flame of the Yukon," will be the attraction at the Butler today. It is during the period of '98, when the gold-mad crowds pack the little town of Hope City, Alaska. Dorothy Dalton appears as the "Flame," the best known dance hall girl in the North. Many thrilling episodes are enacted in the hall, where gamblers, miners and all types of men meet and try their luck with the roulette wheel and other gambling devices. In one exciting scene "the Flame" succeeds in breaking the bank and getting the money that her sweetheart has lost in a crooked game. An exact reproduction of the streets of Nome in the days of the gold rush is seen. Here a realistic fight takes place between Kenneth Harlan, the Stranger, and Melbourne McDowell, as Black Jack Hovey, which is said to equal the one between William Farnum and "McNamara" in "The Spoilers."

A company of three hundred people, including thirty Eskimos and their dog teams, enact their parts in this scene. It is without doubt one of the most wonderful pictures of the year, playing to capacity houses everywhere it has been shown. Do not miss it, for "It's a bear."

In addition to the feature, a Triangle comedy, "The Janitor's Vengeance," will be shown.

Tomorrow, Dustin Farnum in his first special release for the Fox company, "Durand of the Bad Lands," and a two-reel comedy, "Tom and Jerry Mix," featuring the world renowned dare devil cowboy, Tom Mix, making a seven-reel program.

FORMER TONOPAH LADS TAP THEIR BANKROLLS

MALLEY BOYS SELL PAPERS TO GET MONEY FOR THE KIDDIES' SWIMMING POOL.

Officer Slavin this morning turned in to The Bonanza a crisp \$5 note which had been sent him by Edward Malley, Jr., and George Malley of Carson City, sons of Ed Malley, the state treasurer. The boys asked that the money be applied to the kiddies' swimming pool in this city. They said that they had a fine bathing place in Carson and they wanted their former chums here to be equally fortunate. The money they sent was taken from their bank and was earned largely by selling papers.
